EDUCATION

South and City College Birmingham

BTEC Extended Certificate in IT — Predicted Grade: D*D*

Birmingham, UK

Sep. '23 – Present

- **Relevant Coursework:** Software Development - Python programming language, Data Structures/Algorithms, Software and Security; Web Development - HTML/CSS , Web development frameworks, User Interface Design; Hardware and Networking - Networking Fundamentals, Network Troubleshooting, Network Security.

EXPERIENCE

Software Engineering Fellow

July 2024 – Present

Headstarter AI

Remote

- Develop 5 AI projects in 5 weeks, each focusing on different aspects of artificial intelligence.
- Contributing to an accepted pull request to an open-source community.
- Enhance skills in Vision, Network Building, Project Management, Teamwork/Collaboration, and Presentation, participating in 10+ collaborative sessions.
- Share progress and technical growth with the community through weekly updates and presentations, reaching an audience of over 200 peers and mentors.

Junior User Interface Designer

April 2023 – Aug. 2023

Fiilix Academy

Ibadan, NG

- Collaborated with product managers and developers to deliver 5+ design projects on time, enhancing user satisfaction by 20%
- Created wireframes, prototypes, and high-fidelity mockups to visualize design solutions and facilitate user testing.
- Designed user interfaces for web and mobile applications, considering factors such as usability, accessibility, and responsiveness.
- Worked with the latest UI/UX design trends, tools, and techniques and incorporated them into my projects

PROJECTS

EduBuddie Website Development | *Front-End Development, Wordpress, UI/UX*

June 2023 - Aug. 2023

- Designed and developed a user-friendly, visually appealing website for EduBuddie, an educational consultancy.
- Applied UI/UX principles to create an intuitive interface, enhancing ease of navigation and user engagement.
- Implemented features that streamlined client access to consultancy services and information.

Web Portfolio | *HTML, CSS, Javascript*

May 2024 – Present

- Developed a professional digital portfolio utilizing HTML, CSS, and JavaScript.
- Designed an intuitive and easy-to-navigate interface to showcase skills, experience, courses, and projects.
- Implemented responsive design principles to ensure the website is mobile-friendly and accessible across various devices.

First Music Network Infrastructure | *Cisco Packet Tracer, Network Protocols*

Feb. 2024 – April 2024

- Designed and implemented a virtual network infrastructure for the company using Packet Tracer.
- Configured routers, switches, PCs, and other network devices to establish a secure network architecture.
- Configured servers to network services, including DHCP, HTTP, DNS for seamless communication.
- Demonstrated network design and configuration skills through the project.

CERTIFICATIONS & ACHIEVEMENTS

Google IT Technical Support Fundamentals | *Google Coursera* | Issued - Feb. 2024

Complete Web & Mobile Designer | *Udemy* | Issued - Aug. 2023

Certificate of Completion in UI/UX Design | *Harde Business School* | Issued - July 2023

SKILLS

Technical Skills

- **Programming Technologies:** Python, HTML, CSS, JavaScript.
- **Version Control:** Git, GitHub.
- **Design Tools:** Figma, Adobe Photoshop.
- **IT:** IT Security, Virtual Machines, Computer Networking, Network Protocols.
- **Support & Troubleshooting:** User Support and Troubleshooting, Customer Service.
- **Content Management:** WordPress.
- **Operating Systems:** Windows, Linux.

Soft Skills: Communication, Problem-Solving, Teamwork, Adaptability, Time Management, Critical Thinking, Leadership, Customer Focus, Attention to Detail, Conflict Resolution, Empathy, Organizational Skills.
